VOTE BY MAIL APPLICATION

The single most important thing you can do TODAY to help elect Democrats this fall is to Vote by Mail. If you have already sent in your application (thank you!) the next most important thing is to get a friend or family member to apply.

Here is why this is important:

State Senator Becky Schmitz on the power of voting by mail...
"In 2006 I was down by 2 votes until the mail-in ballots came in from Johnson County. Although my district only reaches the southern half, Johnson County continues to be a pivotal part of my campaign. In an election as close as mine, every vote counts! Thank you to everyone who has given their time and money to my campaign. Your support is invaluable."
-Becky Schmitz
